

Vernon Woods Animal Hospital, Brookhaven Animal Hospital, and North Springs Animal Clinic

- All three hospitals have provided veterinary care since 1973.
- We are three full service hospitals providing a full range of medical services for your pet:
 - » Dogs
 - » Cats
 - » Ferrets
 - » Rabbits
 - » Gerbils
 - » Hamsters
 - » Guinea Pigs
- We also offer quality pet boarding and professional grooming.
- We recommend that your pet have a complete physical exam every six months to one year to look for early signs of disease along with vaccinations and annual screening for intestinal parasites and heart worms.
- We emphasize affordable blood screening panels to ensure your pet's health
- We pride ourselves on the personalized attention that we are able to give all of our clients
- Although the majority of our patients are dogs and cats, we are also able to care for small mammals such as ferrets, rabbits, gerbils, hamsters, and guinea pigs.
- We have a total of 60 employees, including 14 veterinarians working at our 3 hospitals
- Please call for an appointment to meet our caring staff

Ideal Client & Best Referral Partner

- Anyone who has a pet who wants compassionate veterinary care
